CCA DOMINATES LOCAL SPELLING BEE

On May 3, 2010, students from seven schools participated in a local spelling bee at Hudson Elementary, which is just outside of Appleton City, MO. The spelling bee consisted of children from first grade to eighth grade, and Clinton Christian Academy was among those in attendance with 16 students.

Taking home first place in the first to fourth grade category was Ty Koch from CCA. Also taking home first place in the fifth to eighth grade division was Allie Lowe from CCA.

Last year, Hudson Elementary was the winner of the spelling bee; therefore, they were the host for this year's event. Next year, Clinton Christian Academy will host the event.

Way to go Patriots!
