

“Sharing the saving knowledge of Jesus Christ, preparing hearts and minds to impact the world for Him!”

Clinton Christian Academy Board Notes

October 12, 2026

The CCA Board of Directors met in the CCA Art Room for their regular monthly business meeting on Monday, October 15. Jeff shared this month's devotion, drawing from Psalm 46:10, Matthew 18:20, and Proverbs 3:5–6. He challenged us to be still, listen for God's leading, and consider how we approach prayer. When praying aloud together, we can focus on agreeing with others' prayers rather than worrying about what we will say next. This raises an important question: Are our prayers simply a list of requests, or are we allowing the Holy Spirit to guide us? Reflecting on the early Church reminds us that prayer is not about following a formula but about seeking God with sincere hearts. May we continually depend on the Lord, trust His wisdom, and allow Him to direct our prayers and our lives.

The financial reports and bills from the month of September were reviewed and approved. Prayer requests were shared.

- Mrs. Ritchie updated the board that Construction continues to progress on Area 300 (Science Lab/Classrooms), with rebar and structural steel embeds delivered and basement excavation underway. Footings and foundation walls will follow, along with waterproofing, drainage, and backfilling. The team is also preparing for excavation and foundation work in Area 200 (Cafeteria/Kitchen). Stormwater plans are under review by MoDOT, and solutions are being developed for existing utilities.

Meanwhile, the design team continues reviewing and approving building materials and systems, including structural steel, HVAC, plumbing, electrical, flooring, doors, and kitchen ventilation. We are thankful to see continued progress toward creating improved learning spaces for CCA students!

- Beginning this month, CCA will highlight classroom and extracurricular activities that demonstrate God's goodness and the many ways our school community is investing in students. This month's features include the Virtuosos Music Club, which encourages fourth- and fifth-grade students to develop their musical gifts and use them for the Lord; High School Bible Connections, where teachers are intentionally strengthening students' spiritual growth through Scripture study, memorization, and devotions; and the Senior Constitution Class, which brings learning to life through guest speakers sharing firsthand experiences in military service, aviation, law enforcement, and constitutional principles. These programs reflect CCA's commitment to developing the whole child—academically, spiritually, creatively, and as a responsible citizen—while celebrating the dedicated teachers and community members who invest in our students' lives.

BOARD DISCUSSION IN OCTOBER

- **Resource Room Update:** Mrs. Hyke provided a presentation to the Board regarding CCA's Resource Room, which is off to a great start, with Madison Huff providing four hours of support daily and Heidi Forman providing 4.5 hours. Heidi's Resource time has temporarily increased due to having only one Take Flight reading intervention group each day, though this may change as additional primary students are assessed. The administration is currently gathering information from area Christian schools to identify successful practices and strengthen CCA's academic support program. In addition to supporting students' academic needs, Madison and Heidi are supervising Algebra A, Algebra B, and Business Math for students in grades 9–11, allowing CCA to utilize current staff effectively while meeting students' instructional needs
- The CCA Board tabled the latest information received from Conexon Connection for fiber installation to gather more information regarding the possible costs associated with this change in internet service.
